

College and Career Readiness

“To be a teacher you must be a prophet - because you are trying to prepare people for a world thirty to fifty years into the future.” Gordon Brown MIT

Where elementary kids of all ages can...

PLAY Games emphasizing basic learning objectives & career interests.	WATCH Videos and songs introducing kids to self understanding & the world of work.
DO Downloadable activities that include matching exercises, word finds & coloring pages.	EXPLORE Field trip ideas along with checklists & activity suggestions.

MPS Piloting Kuder Galaxy

2010-11 will be an exciting year for Guidance and Counseling as CTE and Counseling are piloting 10 schools with Kuder Galaxy.

Unlike other online resources available today, *Kuder Galaxy* provides an interactive learning environment that is entertaining for children and provides valuable feedback to parents and teachers. The system exposes children to a world of possibilities right at their fingertips.

Kuder Galaxy utilizes a **unique and flexible framework** to help children learn more about career interests and achieve self-understanding. Their engagement with the system is delivered to parents and teachers through easy-to-use web-based graphical dashboards.

Kuder Galaxy empowers adults to provide guidance through career exploration activities while kids simply **Play, Watch, Do, and Explore**.

MPS Counselor's piloting Galaxy this year are Christa Mussi, Randy Payne, Jamie Clemens, Jeni Nye, and Julie Koehn.
