How prepared are you?

YOUR SCORE: _____

2-28 POINTS

New to the game.

Whether it's your first college visit or if you just weren't feeling this particular college, keep in mind that it's important to get all the information you can to aid your college decision choice. If you are interested, you may want to schedule another visit so you can tick off any empty boxes!

30-54 POINTS

In the loop.

Good job! You've got the college visit basics down. However, there's still a lot left to learn, so don't limit yourself to just this college visit! If this college is still an option for you, make sure you schedule a follow-up visit so you can dive deeper into what else that college may offer.

56-78 POINTS

Practically a college student.

Congratulations! You've got this whole college visit thing down. Next step? Apply! Compare this college with others you've visited (or will visit in the future) to determine if this one's the right fit for you.
