FEATURES & BENEFITS

Inspires

users to take the next step in life with confidence.

Establishes

a solid foundation for career planning based on reliable and validated career interests, skills, and work values assessments.

Adapts

to provide information relevant to the unique life stages or circumstances, based on specific, individual needs or barriers to education or employment.

Includes

a comprehensive toolkit of resources to explore **Indiana in-demand careers**, find education and training options, create resumes, build and share an e-Profile, and more.

Increases Retention

By using the Kuder system, college retention increased from 73% to over

90%

Facilitates

selection of the right educational track. Students who select their major or program based on their Kuder assessments never change their major, persist in college, and have higher GPAs.

Promotes

successful usage through the companion curriculum, *Take Hold of Your Future™*— ideal for a career orientation course.

Improves

accountability and quantifies program success with robust reporting tools.

Tracks

data for administrators to monitor individual progress and high-level trends and quickly communicate with system users.

“I use Kuder Journey with college students, both traditional and non-traditional students, as well as potential students. Its helps individuals find the career options that best fit them. I highly recommend this product.”
