FloridaShines.org

## 9<sup>th</sup> Grade

### Fall

- Take the most challenging (and realistic) course load for which you are eligible.
- Create a [MyCareerShines](#) account and complete the assessments so you can begin thinking about colleges and careers that fit your interests.
- Your school counselors are great resources. Make an appointment to meet with one of them and seek their advice on college planning.
- Go to FloridaShines and download [Florida's College & Career Planner](#), to choose the right classes to prepare you for college.

### Spring

- Get involved! Clubs, activities, and community involvement look great on a college application.
- Record and keep track of your credentials (awards, volunteer hours, etc.).
- Start learning about college. Look at the information available in your school counselor's office, at the library, and on [FloridaShines](#).

### Summer

- Plan a challenging 10<sup>th</sup> grade course load.
- Make your summer count. Continue to build credentials (awards, volunteer hours, etc.).
- Complete all summer reading assignments so they are ready to turn in the first week of the year. Remember, reading more than what is required is always helpful!
